BRANNEL SCHOOL

PERSONAL DATA HANDLING POLICY

Written by: Mr S Cleaver

Approved by Governors: Autumn 2015

Next Review: Autumn 2017

Introduction

Schools and their employees should do everything within their power to ensure the safety and security of any material of a personal or sensitive nature.

It is the responsibility of all members of the school community to take care when handling, using or transferring personal data that it cannot be accessed by anyone who does not:

- have permission to access that data, and/or
- need to have access to that data.

Data breaches can have serious effects on individuals and / or institutions concerned, can bring the school into disrepute and may well result in disciplinary action, criminal prosecution and fines imposed by the Information Commissioners Office - for the school and the individuals involved. Particularly, all transfer of data is subject to risk of loss or contamination.

Anyone who has access to personal data must know, understand and adhere to this policy, which brings together the legal requirements contained in relevant data protection legislation and relevant regulations and guidance (where relevant from the Local Authority).

Policy Statements

The school will hold the minimum personal data necessary to enable it to perform its function and it will not hold it for longer than necessary for the purposes it was collected for.

Every effort will be made to ensure that data held is accurate, up to date and that inaccuracies are corrected without unnecessary delay.

All personal data will be fairly obtained in accordance with the “Privacy Notice” and lawfully processed in accordance with the “Conditions for Processing”.

Personal Data

The school and individuals will have access to a wide range of personal information and data. The data may be held in a digital format or on paper records. Personal data is defined as any combination of data items that identifies an individual and provides specific information about them, their families or circumstances. This will include:

- Personal information about members of the school community – including students, members of staff and parents / carers e.g. names, addresses, contact details, legal guardianship contact details, health records, disciplinary records
- Curricular / academic data e.g. class lists, student progress records, reports, references
- Professional records e.g. employment history, taxation and national insurance records, appraisal records and references
- Any other information that might be disclosed by parents / carers or by other agencies working with families or staff members

Responsibilities

The school’s Data Protection Officer is the Network Manager. This person will keep up to date with current legislation and guidance and will determine and take responsibility for the school’s information risk policy and risk assessment.

Everyone in the school has the responsibility of handling protected or sensitive data in a safe and secure manner.

Governors are required to comply fully with this policy in the event that they have access to personal data, when engaged in their role as a Governor.

Registration

The school is registered as a Data Controller on the Data Protection Register held by the Information Commissioner.

Information to Parents / Carers – the "Privacy Notice"

In order to comply with the fair processing requirements of the DPA, the school will inform parents / carers of all students of the data they collect, process and hold on the students, the purposes for which the data is held and the third parties (e.g. LA, DfE, etc.) to whom it may be passed. This privacy notice will be passed to parents / carers through this policy on the school website (see Appendix 1). Parents / carers of young people who are new to the school will be provided with the privacy notice through school website.

Training & awareness

All staff will receive data handling awareness / data protection training and will be made aware of their responsibilities as described in this policy through:

- Induction training for new staff
- Staff meetings / briefings / Inset

Risk Assessments

Information risk assessments will be carried out by the Network Manager to establish the security measures already in place and whether they are the most appropriate and cost effective. The risk assessment will involve:

- Recognising the risks that are present;
- Judging the level of the risks (both the likelihood and consequences);
- Prioritising the risks.

Secure Storage of and access to data

The school will ensure that ICT systems are set up so that the existence of protected files is hidden from unauthorised users and that users will be assigned a clearance that will determine which files are accessible to them. Access to protected data will be controlled according to the role of the user. Members of staff will not, as a matter of course, be granted access to the whole management information system.

All users will use strong passwords which must be changed regularly. User passwords must never be shared.

Personal data may only be accessed on machines that are securely password protected. Any device that can be used to access data must be locked if left (even for very short periods).

All storage media must be stored in an appropriately secure and safe environment that avoids physical risk, loss or electronic degradation.

Personal data can only be stored on school equipment (this includes computers and portable storage media). Private equipment (i.e. owned by the users) must not be used for the storage of personal data.

When personal data is stored on any portable computer system, USB stick or any other removable media:

- the device must be password protected
- the device must offer approved virus and malware checking software
- the data must be securely deleted from the device, in line with school policy (below) once it has been transferred or its use is complete

The school has clear policy and procedures for the automatic backing up, accessing and restoring all data held on school systems, including off-site backups.

The school recognises that under Section 7 of the DPA, data subjects have a number of rights in connection with their personal data, the main one being the right of access. Procedures are in place to deal with Subject Access Requests i.e. a written request to see all or a part of the personal data held by the data controller in connection with the data subject. Data subjects have the right to know:

- if the data controller holds personal data about them;
- a description of that data;
- the purpose for which the data is processed;
- the sources of that data;
- to whom the data may be disclosed.

Data subjects have the right to request a copy of all the personal data that is held about them.

Under certain circumstances the data subject can also exercise rights in connection with the rectification; blocking; erasure and destruction of data.

Secure transfer of data and access out of school

The school recognises that personal data may be accessed by users out of school, or transferred to the LA or other agencies. In these circumstances:

- Users may not remove or copy sensitive or restricted or protected personal data from the school or authorised premises without permission and unless the media is encrypted and password protected and is transported securely for storage in a secure location
- Users must take particular care that computers or removable devices which contain personal data must not be accessed by other users (e.g. family members) when out of school
- When restricted or protected personal data is required by an authorised user from outside the organisation's premises (for example, by a member of staff to work from their home), they should preferably have secure remote access to the management information system or learning platform

Disposal of data

The school will comply with the requirements for the safe destruction of personal data when it is no longer required.

The disposal of personal data, in either paper or electronic form, must be conducted in a way that makes reconstruction highly unlikely. Electronic files must be securely overwritten, in

accordance with government guidance and other media must be shredded, incinerated or otherwise disintegrated for data.

A Destruction Log should be kept of all data that is disposed of. The log should include the document ID, classification, date of destruction, method and authorisation.

APPENDIX 1

Privacy Notice - Data Protection Act 1998

Brannel School is a data controller for the purposes of the Data Protection Act. We collect information from you and may receive information about you from your previous school and the Learning Records Service. We hold this personal data and use it to:

- Support your teaching and learning;
- Monitor and report on your progress;
- Provide appropriate pastoral care, and
- Assess how well your school is doing.

This information includes your contact details, national curriculum assessment results, attendance information and personal characteristics such as your ethnic group, any special educational needs and relevant medical information. If you are enrolling for post 14 qualifications we will be provided with your unique learner number (ULN) by the Learning Records Service and may also obtain from them details of any learning or qualifications you have undertaken.

In addition for Secondary and Middle deemed Secondary Schools:

Once you are aged 13 or over, we are required by law to pass on certain information to providers of youth support services in your area. This is the local authority support service for young people aged 13 to 19 in England. We must provide both your and your parent's/s' name(s) and address, and any further information relevant to the support services' role. However, if you are over 16, you (or your parent(s)) can ask that no information beyond names, address and your date of birth be passed to the support service. Please inform the Office Supervisor if you wish to opt-out of this arrangement. For more information about young peoples' services, please go to the Directgov Young People page at *www.direct.gov.uk/en/YoungPeople/index.htm* or the LA website.

We will not give information about you to anyone outside the school without your consent unless the law and our rules allow us to.

We are required by law to pass some information about you to the Local Authority and the Department for Education (DfE).

If you want to see a copy of the information about you that we hold and/or share, please contact the Office Supervisor.
