

15<sup>th</sup> November 2018

**Re: Y7 Goal Setting & Development Day – 30<sup>th</sup> November 2018, 9am – 4pm**

Dear Parent/Carer

I am writing to give you details of the **'Goal Setting and Development Day'** for Year 7 pupils, which will be our first opportunity sit down together and talk in detail about your child's goals for the future, and how they are approaching their learning, within the SAIL curriculum.

This will be an opportunity to meet with your child's tutor and celebrate your child's progress so far. We hope you will see what they have learnt in the first theme 'Who are we?' and to take part in an important goal setting session, that will help support and motivate your child's learning journey, throughout Key Stage 3 and beyond.

A key element to your child's progress, will be developing the skills of goal setting, and planning to meet these goals. This day is all about laying the foundation stones of this learning strategy, and your involvement in this process is of fundamental importance. Pupils have already been reviewing their learning and starting to set subject goals with the support of their Tutors, through coaching sessions.

The day will run from 9.00am until the last appointments end at 4.00pm. On the day appointments will last ten minutes and will be led by child with support from their tutor. You will be given a progress report for all of their SAIL subjects and participate in their long-term goal setting.

You will be able to book your appointments through our parents evening platform, which you can find on the schools website or by clicking this [link](#).

*Please note that the **30<sup>th</sup> November** is an **INSET day** and your child will only be expected in school for your allotted appointment time.*

Yours sincerely

Mr M Cooper  
Deputy Headteacher
