ENRICHMENT ACTIVITY DRAWING TASK

Task 3 - Drawing Task

- Sketch a range of products within your home. Try to draw things that vary in shape and texture. Experiment with drawing with pencil AND pen. Try to shade some in—look at what the light is doing to different surfaces. How can you show the textures of different materials in your sketches? Try to draw in 3D—it isn't always easy but practice sketching really helps. You could even try sketching your pets!

Success Criteria

Goal	Bronze	Silver	Gold	Platinum
To generate a range of sketches showing different shapes and textures in and around the home.	I can produce at least 2 sketches with some details.	I can produce at least 3 sketches that show detail and different textures.	I can produce at least 4 sketches with detail and texture clearly through mark making techniques. I have used a range of products and tried drawing different shapes.	I can produce more than 4 sketches which show great detail and texture clearly through mark making techniques I have chosen. I have used a range of products and tried drawing different shapes effectively.

Construction Enrichment Activity -Electricity

Part 1

- Using the diagram of a plug, you need to use the internet to research the different coloured wires and colour them in on your diagram.
- Annotate them to show what each wire colour represents.
- Find out why the wires are coded in this way. Are there any specific links?

Part 2

Research the following:

- What is a fuse?
- Why are fuses available in different sizes?
- What size fuse is suitable for a plug?
- What would happen if you put a plug into a socket that the voltage was too high?
- When was the first fuse invented and what was it used for?

Part 3

- Now that you have completed the research, watch the following video and create a list of all the hazards you see during the video.
<https://www.youtube.com/watch?v=yAz9Ungv2Xc>
- Once you have created your list of hazards, in a different colour pen or pencil write how you would overcome each of these.

Success Criteria

Goal	Bronze	Silver	Gold	Platinum
To research basic electrical information and be aware of possible hazards	I am able to label a plug diagram and can describe what a fuse is. I can identify 4 hazards in the video and suggest how to overcome them.	I am able to label a plug diagram in detail I can describe what a fuse is. I can identify 6 hazards in the video and suggest how to overcome them.	I am able to label a plug diagram in detail I can explain what a fuse is. I can identify 8 hazards in the video and suggest how to overcome them.	I am able to label a plug diagram in detail I can explain what a fuse is and can explain what would happen if the wrong size was used. I can identify 12 hazards in the video and suggest how to overcome them.

Computing enrichment activity 1 – Cyber security

- Go to cyberskillslesson.com and find the how to steal a pizza online lesson or click on this link [CYBER SKILLS LIVE \(cyberskillslesson.com\)](https://cyberskillslesson.com)
- In this interactive lesson, you'll step into the shoes of a cyber security consultant and help a business test their website's security.
- When you have finished the lesson email your Computing teacher the screen shot of the lesson completed screen
- There are other cyber security lessons on this site you may find interesting to do as well.

Computing enrichment activity 2 – Computer Game Visualisation Diagram

- On paper (A4 if possible) Create a Visualisation Diagram for a new computer game (you decide what everything will look like)
- Add a paragraph or annotate the diagram to explain how the game work
- Hand your finished diagram to your Computing teacher
- Here is an example

Performing Arts Enrichment Activity

Digital Theatre Plus – Is the online platform we use to watch live theatre.

To get onto this you need to use your **Brannel email & password**.

<https://www.digitaltheatreplus.com/>

On the website, you have access to a wide variety of plays and musicals. As well as information on design routes in Theatre, Theatre Companies, Practitioners and various scripts.

There are a variety of videos exploring the rehearsal process of *Blood Brothers*, the script we are studying this term.

When logged in, type in the search bar '*Blood Brothers*' you will come to 'Series - *Blood Brothers: In Focus*'. *Blood Brothers: In Focus* explores the world of Willy Russell's seminal musical through an in-depth examination of context, character and language. Director and workshop leader Mark Powell leads the company from preparation and rehearsal - using practical techniques and exercises - to performance and practice.

This exploration will help you to understand how you could communicate these characters on stage in class and how you could navigate your own rehearsals.

If you have watched another production, please review it:
